Dear Sirs:

The Evansville Metropolitan Planning Organization has processed the following administrative modifications to the FY 2013-2016 Transportation Improvement Program (TIP).

TIP Administrative Modifications

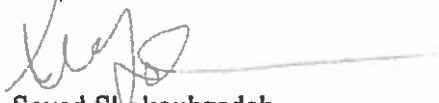

- No Des# Unified Planning Work Program (UPWP): Revise fiscal 2014 UPWP planning elements to reflect revisions to the METS Comprehensive Operational Analysis project. UPWP planning elements also include a City of Evansville Bike and Pedestrian Master Plan, and a Regional Pavement Management Process. The total cost of these planning elements is being revised from \$1,000,000 to \$1,015,000 and will be funded 80% with federal STP funds and a 20% local match.
- Item# 02-2087 Audubon Parkway: Pavement preventative maintenance from Pennyrile Parkway to 0.285 miles east of Eutopia Road. Add grouped project for construction in fiscal year 2015 (\$12,400,000). All phases will be funded by federal National Highway System (NHS) funding and a match comprised of Kentucky Toll Credits.

The modifications will be presented as informational items at the October 2, 2014 Evansville MPO Policy Committee meeting.
